I'm a musician and sound artist based in Helsinki, Finland.

I have worked with sound and music on wide diversity of projects, from video art to documentaries, theatre, film and TV productions.

I am inspired by diverse textures of sound, humans as a part of nature, the world of plants and fungus and examining all this via sound.

In addition to playing in bands I also make music with my solo project Azis Funck, that combines experimental music and sound art.

I play guitar, write and produce music with Helsinki-based bands Cats of Transnistria, Dugong Dugon, Nykyaika and Stinkbird.

WORKING WITH SOUND

- 2022 Azis Funck + Bema – “Mustikkamaa, Dry, Transmission 6”. Music, mixing and recording.
